

# Examples of Feedback SEL hangouts Spring 2021

Role	On a scale of 1-5, how relevant and meaningful was today's learning for your work?	Do you have any additional feedback for your Trauma-Informed Leadership Team (TILT), your administrators, or Continua Consulting Group to consider?
Teacher	5	I LOVE how you all continually connect the scientific and the experiential/anecdotal - I think it really can help in combating the idea that all/any of this stuff is just 'fluff' or 'up to interpretation' or overblown. Keep it up!!!
Counselor, School Psych, or MHP	5	Simply deep gratitude. The fact that you are working so masterfully at "operationalizing" the values, intentions, and love-based beliefs which make my heart beat..... I cannot find adequate words. Thank you.
Paraeducator	5	It's very helpful for Continua to start these discussions that may otherwise be too uncomfortable for staff to start on their own. It provides a time and place for us to speak openly and honestly. Very helpful, thank you!
Teacher	4	Thank you for making breakout rooms according to our comfort level! I was confident that I was with a group that wouldn't judge me! I would not have been comfortable sharing otherwise and would likely have passed both times.
Administrator	5	thank you all for your professionalism as well as the content every time!
Paraeducator	5	This was a great training. I am coming away with a lot to think and reflect on. Thank you!

Average 4.4/5 score for all Snohomish County Adult SEL Hangouts  
2020/21
